no. 2 April–June
no. 4 October–December

Editorial Policy

Paper, comprising review and report of original scientific research, will be judged for publication on the basis of evaluation by independent reviewers. Such reports and articles include those containing substantial supported theories, innovative work, substantial experimental results, useful and constructive discussion, and review articles standardized to regional or international acceptance. Each volume will comprise four issues. In addition, special issue containing the proceedings of conferences may be produced. These will be designated as supplements to the appropriate volume and number. An electronic journal is also provided on the website (<http://www.ijast.kmutnb.ac.th>). The editors reserve the right to require revision of the submitted manuscript as a condition for final acceptance.

The university and the editorial board claim no responsibility for the contents or views expressed by the authors of individual articles. Copying allowed freely provided acknowledgement is made thereof. All articles submitted for publication will be assessed by a group of distinguished reviewers.

Focus and Scope

The KMUTNB: IJAST, through full research papers and compact reviews, covers all applications of science and technology. The journal bridges the crucial gap between basic research and patenting of an invention, targeting a broad audience of academic and industrial researchers, as well as the increasingly important world of scientists and engineers at start-up companies. The journal provides a forum for scientists and engineers, physicists, and chemists to communicate on the most important topics in the field of:

- Technology (Engineering): Production Engineering, Mechanical Engineering, Automotive Engineering, Aerospace Engineering, Electrical Engineering, Communication Engineering, Computer Engineering, Control Engineering, Chemical Engineering, Industrial Engineering, Biomedical Engineering, Civil Engineering and etc.
- Applied Science: Natural Sciences, Social Sciences, Physics, Mathematics/Statistics, Energy, Agro/Food, Materials, Information Technology, Agricultural Sciences and etc.
